

City of Fossil  
Fossil City Hall  
June 12th, 2025

The purpose of this meeting is to allow the City of Fossil Council to reevaluate the bids provided during the June 10th council meeting. As the City of Fossil Council voted to award the lowest bidder & based on the score sheet. A follow up and a more thorough review had occurred; the bid was missing criteria. The Fossil City Council will reconvene to review the bids and award. As the city council reviewed the bids, council determined a new score was not needed. Due to the lowest bidder's adjustment put them as a higher bidder. MRC was not willing to sub contract a company to resurface the tennis court. Due to not meeting the criteria requested in the project, the council found their bid incomplete. The next lowest bidder on both options would be recreational It was also explained how this company also worked with the city on applying for the grant, most organized, clean, detailed packet, and is familiar to our area after working with the school.

Meeting Adjourned at 6:40 PM.
